Sophia Gimblett Gravels 2020

94 Points

The 2020 Sophia is eminently satisfying. This Merlot-leading blend blossoms with ease in the mouth with its succulent texture. It's a very complete wine with the two Cabernet varieties making up two-fifths of the wine and adding their purposeful structure and piquant lift in the form of violets, spice and cassis. There's clearly low yields here as evidenced by the rich aromatics and flavor concentration. An abundance of integral tannins and freshness of acidity create a satisfying frame
